1201 H

INDUSTRIAL EMBROIDERY MACHINE

12 Needles

12 needles with quick change from one needle bar to another.

Touch Panel

Simple and intuitive touch screen panel. Draws and programs can be created directly from the panel, or inserted from the USB port.

Sturdy Structure

Possibility of preparing the garments to be embroidered while sewing thanks to the double frames:

- 2x Circular hat frame diameter 16cm
- 1x Rectangular frame 40x50cm
- 1x Square frame 40x40cm
- 2x Square frames 32x32cm
- 2x Circle frame diameter 10cm
- 2x Circle frame diameter 12cm
- 2x Circle frame diameter 16cm
- 2x Circle frame diameter 22cm

Sturdy industrial structure that absorbs vibrations and gives greater stability to the machine formed by table and industrial stand included.
