PNEUMATIC SLIPKNOT NAILING MACHINE

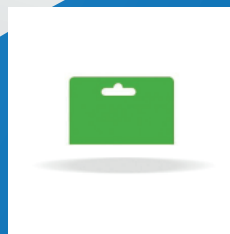

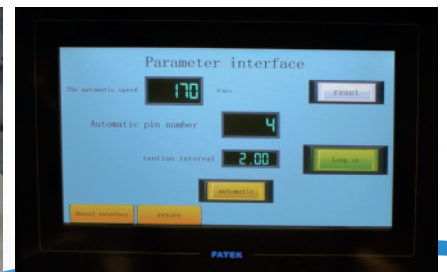

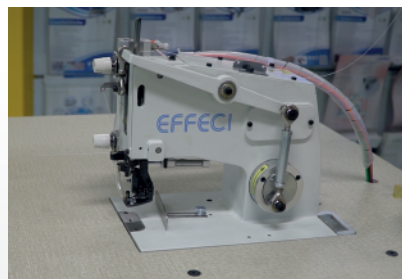

Description

Pneumatic slipknot nailing machine for socks, gloves and underwear. Suitable for attaching labels on socks or sampling of materials and coverings to each other with an easily removable thread. Possibility to change the stitch repetition and speed from the touch screen panel integrated into the support. Front and side opening for access to electronics and accessories. Pedal for starting in manual mode or by holding it pressed in automatic mode allows you to attach in sequence thanks to a programmable time. Side container for collecting cut threads.

FEATURES

- 1 Needle
- Fixed slipknot nailing
- Suitable for socks, gloves and underwear
- Automatic thread trimmer
- Automatic footlifter
